SAFETY - We commit to protect the health and safety of all we serve through our mission: our patients, our learners, our colleagues and our neighbors in the community, state, nation and in the world. By sustaining a culture of safety, our daily work and our strategic planning promote better health care outcomes, the creation of health equity for all and a sense of joy in our work.

Actions that show/demonstrate Safety: (examples)

- We are open to feedback and keep communication open
- When I see a spill, I stop and clean it up
- When walking, I am not also reading emails on my phone
- We follow safety procedures
